

INFORMATION LETTER

The Ministry of Higher Education, Science and Innovation of the Republic of Uzbekistan, National University of Uzbekistan named after Mirzo Ulugbek, Institute of Semiconductor Physics and Microelectronics at the National University of Uzbekistan and the Association of Physics Students and Young Scientists of Uzbekistan are holding the IV Republican Scientific Conference of Young Scientists and Physics Students (RSCYSPS-IV) on May 25, 2024.

The purpose of the conference: to increase the level and quality of research work carried out by young physicists of the Republic of Uzbekistan and to promote the establishment of scientific contacts between young scientists from research institutes and universities of the Republic, conducting joint research and publishing their results, as well as introducing them into production.

The conference is held in the following areas:

1. Problems of semiconductor physics and semiconductor materials science.
2. Problems of microelectronics and electrical engineering.
3. Problems of photonics.
4. Alternative energy sources.
5. Radiation physics of solids.
6. Physics of condensed matter.

Requirements for the preparation of abstracts:

Abstracts are prepared in MS Word format; the volume of abstracts should not exceed 3 pages. Margins: left – 3 cm; right – 1,5 mm; top – 2 cm; bottom – 2 cm. Font: Times New Roman, 12 point, regular. Line spacing: 1,15. Paragraph: 1 cm. Body text alignment: justified. Mathematical formulas are entered using the Equation application.

Abstracts of reports must contain original results that have not been published previously.

Please submit abstracts of reports electronically in Uzbek, Russian or English through the official website of the Institute of Semiconductor Physics and Microelectronics at the National University of Uzbekistan (<https://journal.ispm.uz/conference/Anketa.html>) before May 15, 2024.

Abstracts of reports that do not meet the requirements, do not have scientific novelty and practical value of recommendations, and are sent late, are not included in the collection of conference abstracts and are not returned to the author.

Abstracts recognized as the best will be published in the scientific journal of the Institute of Semiconductor Physics and Microelectronics at the National University of Uzbekistan “Semiconductor Physics and Microelectronics” in accordance with its requirements.

The authors of report abstracts are responsible for the information they provide. Authors who took an active part in the conference will receive a Certificate of Participation. The collection of conference materials will be available from May 25, 2024 after posting on the official website (www.ispm.uz) of the Institute of Semiconductor Physics and Microelectronics.

Young scientists under the age of 40 can participate in the conference.

Participation in the conference is free!

The conference will be held in the conference hall of the Institute of Semiconductor Physics and Microelectronics on May 25, 2024, starting at 10:00. Online mode is possible on the “Zoom” platform (a link to “Zoom” will be sent to the email specified by participants during registration).
